Rafael C. Menegheti

Franca - SP | 16 99465-3737 | 23 years old | rafaelmenegheti51@gmail.com

Portfolio: https://www.rafaelmenegheti.com   Linkedin: https://www.linkedin.com/in/rafael-menegheti-4532a0219/

Objective

I am a Full Stack Web Developer with 4 years of experience building modern, scalable, and high-performance applications. Specialized in Next.js and Node.js, I work across the entire development lifecycle. I am seeking challenging opportunities to apply my expertise in software development within a collaborative and dynamic environment, where I can contribute to innovative and high-impact projects.

Education

FATEC – Faculty of Technology | Franca, SP | Completed
Technologist in Systems Analysis and Development

Skills

Hard Skills: Javascript, Typescript, Automated Testing, Java, Spring Boot, Jest, Vitest, Artificial Intelligence Tools, C++, Python, HTML, CSS, Next.js, React.js Angular, React Native, Node, Express, NestJS, Git, SQL, NoSQL, AWS, Docker, messaging, Clean Code.

Soft Skills: English, Adaptability, Proactivity, Problem Solving, Communication, Teamwork

Professional Experience

Sync-OS(Vale) | Ribeirão Preto (Remoto) - SP | 01/2024 -The moment
Full Stack Developer

- Developed a weather analysis and monitoring platform using Next.js, React, Prisma, Node.js, Java(Spring Boot), MongoDB, and Vitest.
- Implemented interactive dashboards with real-time data visualization, enabling users to monitor weather metrics and forecasts intuitively.
- Led the integration of external APIs for weather data collection, ensuring reliability and scalability in processing large volumes of information.
- Performed backend performance optimizations, reducing response time by up to 40% on critical queries.
- Collaborated in defining the application architecture, applying best practices in Clean Code, SOLID principles, and scalable architecture design.

Grupo Voitto | Juiz de Fora (Remoto) | 03/2022 - 01/2024 (1 year and 11 months)
Full Stack Developer

- Developed an online video lesson platform using Next.js, React, TypeScript, Java (Spring Boot), HTML, CSS, Node.js, and AWS.
- Performed maintenance and implemented improvements across all company platforms, including websites, blogs, and the e-learning platform. This involved bug fixing, performance optimization, and the implementation of new features, enhancing user experience and ensuring smooth platform operation.
- Developed a B2B course licensing and management platform using Next.js, React, TypeScript, Node.js, HTML, CSS, and AWS.
- Created multiple campaign pages, such as landing pages and referral programs, which attracted thousands of users using React, TypeScript, HTML, CSS, and AWS, ensuring an appealing design and intuitive navigation.

Usina de Laticínios Jussara | Franca - SP | 06/2020 - 12/2021 (1 year and 7 months)
Systems Support Analyst

- Provided technical support to internal clients, handling tickets related to issues and technical matters in enterprise systems.

Featured Projects

- iCompras: E-commerce microservices platform using Java, Spring Boot and Kafka for event-driven communication.
- Angular Marketplace Management: Sistema de gestão de produtos para marketplace (Angular 20, TypeScript, Tailwind CSS)
- BEWEAR: E-commerce with cart and checkout (React.js, Next.js, Tailwind CSS, TypeScript)
